## 1. Background and Primary Objectives

The CEI Cooperation Fund co-finances CEI Cooperation Activities aimed at strengthening cooperation among CEI Member States. CEI Cooperation Activities are organised by institutions of CEI Member States in order to implement the strategic goals and main objectives set by the CEI Guidelines and Rules of Procedure and by the CEI Plan of Action. CEI Cooperation Activities aim at capacity building by knowledge transfer and sharing, in particular from EU CEI Member States to non-EU CEI Member States, and at exchanging experiences and good practice among all CEI Member States by favouring mobility and networking. In this context, particular attention will be paid to the involvement of non-EU CEI Member States and to a reasonable balance between participating EU and non-EU CEI Member States.

## 2. Areas of Intervention

The proposed CEI Cooperation Activities shall be organised in the areas of intervention outlined in the [CEI Plan of Action 2018-2020](#). Applicants are requested to refer – within the specific section of the Application Form – to the CEI Plan of Action, not simply by quoting the relevant parts but by explaining how and why the proposed activity is contributing to meeting the CEI objectives. Copying any part of the above-said document is not admitted and will possibly cause a negative evaluation or rejection of the application.

## 3. Submission Procedure

### 3.1. Format

The [Application Form](#) (*CF Call 2019 Application Form\_TEMPLATE.docx*) shall be downloaded from the CEI website. The **Application Package** to be submitted by email to the CEI shall consist of:

- **Application Form in MS Word** strictly respecting the proposed format (character size, colours, paragraph structure etc. - no inclusion of images or photos)
- **PDF version of the Application** carrying the signature and stamp of the Applicant's institution on the last page
- **Official proof of registration** (see 6.2. *Eligible Applicants*).

**For technical reasons the Application Package shall not exceed the size limit of 6 MB**

The Application Form shall be filled-in in all its parts: incomplete Applications will be automatically rejected. Application Forms from past Calls as well as incomplete Application Packages will be automatically rejected. Applicants who have already applied in past Calls are not to copy nor quote any of the descriptions of past Applications (regardless of the eligibility of the application and the awarding or not of a CEI co-financing). Should the current proposal be a follow-up of already CEI-supported activities, the innovative aspects and adequate motivations will need to be highlighted in this application. Disregarding any of the above might turn into a negative evaluation of the proposal. Any technical question or problem concerning the format of the Application Form shall be addressed in writing to [applications.coopfund@cei.int](mailto:applications.coopfund@cei.int) quoting as subject **CF Call 2019 – Technical Info**

### 3.2. Deadline

Applications shall be submitted by **Wednesday, 24 July 2019, 12 p.m. (midnight) CEST** carrying as subject of the email the indication **CF Call 2019 – Country – Short title of the Cooperation Activity** (to be filled-in as appropriate). Applications submitted after the established deadline will be automatically rejected.

### 3.3. Email Address

Applications shall be forwarded **exclusively by email** to [applications.coopfund@cei.int](mailto:applications.coopfund@cei.int) The CEI National Coordinator of the country of the Applicant institution must be in copy to the submission email (see

[contact list](#) on the CEI website). If the CEI National Coordinator of the Applicant's country is not put in copy in the submission email, the Application will be automatically rejected. International / regional organisations shall forward applications directly to the above-said email box. Under this Call for Proposals an Applicant institution can submit **only one Application Form**. Should an Applicant institution submit more than one Application, all the Applications submitted will be rejected. Furthermore, should an Applicant be partner/beneficiary in Applications different from that submitted by it, the Secretariat reserves the right to reject this other application or to exclude the concerned partner/beneficiary. Applicants to the CEI Cooperation Fund cannot submit to any other CEI Fund and Instrument applications for activities that may be directly/indirectly connected with the Cooperation Activity they applied for. Should this be the case, the Application will be rejected or the awarded contribution withdrawn.

### 3.4. Notification within Respective Appraisal Phases

#### 3.4.1. Assignment of Reference Number

Upon receipt of the submission email, the Secretariat will assign a Reference Number to the Application (**1202.xxx-20**) and notify the Applicant by email as appropriate in the following days. Applicants will need to keep the Reference Number for monitoring the further appraisal and notification phases.

#### 3.4.2. Shortlisting of Applications

Upon completion of the Administrative and Eligibility Check, the roster of shortlisted applications proceeding to the second phase of the evaluation will be published on the CEI website. The list of those which have failed meeting the Administrative and Eligibility Check criteria (*see 6. Eligibility Criteria*) will be published as well. No direct notification to Applicants will occur at this stage.

#### 3.4.3. Evaluation Phase

Shortlisted Applications only, will proceed to the following evaluation phase by the competent CEI structures according to an Evaluation Grid (*see 11. Assessment Grids*). Only Applications reaching a *good* or *very good* total score according to the Evaluation Grid are eligible to receive possible CEI co-financing. No direct communication to Applicants will occur at this stage.

#### 3.4.4. Allocation of a CEI Contribution

As stated in Rule C4 (CEI Rules for Allocation of Resources), the decision on allocation of CEI contributions is taken by the Committee of CEI National Coordinators (CNC). The Secretariat will notify directly both the Applicants who are awarded with a CEI contribution and those who are not. The direct notification will occur by email exclusively at a date following the meeting in which the decision has been taken.

## 4. Budget of the Call

The overall indicative amount made available under this Call for Proposals is **three hundred and fifty thousand Euro (350.000 EUR)** that will be made available by the CEI Cooperation Fund which is financed by all CEI Member States. The CEI reserves the right not to award all available funds.

## 5. Size of Potential CEI Contribution

Applicants can request a CEI contribution up to the maximum amount of **fifteen thousand Euro (15.000 EUR)**. Any Application requesting more than the above-mentioned ceiling will be automatically rejected. The CEI contribution cannot exceed 50% of the total cost of a given Cooperation Activity. Applications, which are not meeting this condition, will be automatically rejected. The balance must be financed from

the Applicants' own resources or from other sources, including in-kind contributions<sup>1</sup>. The CEI reserves the right not to award the entire requested contribution to a given Cooperation Activity.

## 6. Eligibility Criteria

The Applications shall fulfil the following eligibility criteria:

### 6.1. Compliance to Areas of Intervention

The Application should mainly refer to one of the areas of intervention and respective priorities indicated in chapter 2. *Areas of Intervention*. Activities which are not in line with the indications of chapter 2 will be automatically rejected. While interdisciplinarity is considered an asset, multiple references to the Plan of Action should be avoided.

### 6.2. Eligible Applicants

All public and private entities based and registered in CEI Member States as well as international/regional organisations can apply. Individuals cannot apply. All Applicants shall refer to their legal status within the Application Form, referring to the relevant legislation or act as appropriate. Non-Governmental and Civil Society Organisations as well as private entities shall annex an official proof of registration to the Application Form with a courtesy translation into English. This requirement is mandatory.

### 6.3. Eligible Activities

CEI Cooperation Activities can take the form of conferences, seminars, workshops, and other types of meetings, training activities as well as preparation of studies and analysis. Other types of activities meeting the primary objectives can also be taken into consideration. Applications organised over multiple activities are admissible but Applicants shall request the CEI support only for one defined portion/event of the programme falling into the calendar year 2020. Should the Applicant not elaborate on this, the CEI reserves the right to reject the application or choose – provided the application has successfully proceeded to the allocation phase – the single event and related budget lines to be awarded with a CEI contribution. During the evaluation there will be no preference given to one type of activity over the other: apart from observance to the CEI Rules for Allocation of Resources and accuracy in providing comprehensive information over the proposed activity, the extent and quality of regional cooperation in these activities will be taken into consideration as well as the added value with respect to European integration.

### 6.4. Participation Quorum

Regardless of the type of activity proposed, Applicants should pay the utmost attention to the aspects related to participation of attendees from the CEI region and to knowledge and experience sharing, which shall represent the main focus of CEI Cooperation Activities. Applicants shall first and foremost respect the participation quorum set by CEI Rules for Allocation of Resources in Rule A5 (*at least half plus one, but in no case less than one third of CEI Member States*), bearing in mind that the quorum applies to both participants and speakers. Higher rating will be given to applications foreseeing the participation of a larger number of CEI Member States. Particular attention will be paid to the involvement of non-EU CEI Member States and to a reasonable balance between participating EU and non-EU CEI Member States. The number of local participants and speakers ought to be in a reasonable proportion to participation from other CEI countries. The CEI regional character should be preserved (in

<sup>1</sup> An in-kind contribution is a non-cash, other than monetary contribution or input which can be given a cash value. Expenditures in-kind are expenditures not giving rise to an actual payment: they can take the form of:

- donation of goods or services, time or expertise, rather than cash or appreciated property;
- infrastructure support, office supplies support, equipment support etc. ;
- human resources of the organising institution

terms of reasonable proportion of participants) in Cooperation Activities involving a large number of third countries. Any application envisaging a CEI participation scheme below the minimum allowed quorum will be automatically rejected.

## 6.5. Eligible Expenses

The budget lines that are eligible for reimbursement by the CEI contribution should mainly focus on participation of attendees from the CEI region. The CEI contribution shall indeed be designed in order to favour to the maximum extent possible the attendance of foreign CEI participants and speakers in the proposed activity. Locally borne expenses, which are not influencing international participation, shall only residually be included in the requested CEI contribution. The budget lines that are eligible to CEI reimbursement encompass, inter alia:

- **Travel and accommodation expenses of CEI participants and speakers.**  
This budget line refers to travel and accommodation expenses of foreign CEI participants and speakers. Participants from the country of the organising institution are admitted to CEI reimbursement exclusively in activities organised by non-EU CEI Member States that are taking place in the same CEI member country. In no case can representatives of the organising institution, and in particular the project and financial manager, request to be reimbursed for mission costs from any approved CEI contribution. This also applies to cases in which the organising institution and the implementation venue of the activity are located in different localities and/or countries. Please note that a participant and/or speaker is classified as 'CEI' when he/she permanently depends on and officially represents a sending institution based/registered in a CEI country. Nationals of CEI countries living or working for institutions outside the CEI region cannot be classified as 'CEI participants / speakers'.
- **Local transport costs** (for foreign CEI attendees) connected to the event, including airport transfers as appropriate.
- **Subsistence costs** of foreign participants during the event (meals, coffee breaks and refreshments) up to a reasonable share and not more than 50% of the budget line.
- **Social programmes** connected to the activity, including costs of site visits disciplinarily relevant to the activities, up to a reasonable proportion and amount and not more than 20% of the budget line.
- **Printing and text translation** of conference material. Text translation is admitted exclusively from/to English and in very special cases only when a concrete added value is proven as the working language of the CEI is English. Applicants are requested to motivate the request as appropriate.
- **Conference kits** (pens, notepads, folders, bags) up to a limited proportion and amount and not more than 20% of the budget line.
- **Conference venue preparation** (hall and audio-visual equipment rent).
- **Fees** for foreign speakers from CEI member countries and preferably from non-EU CEI member countries up to a reasonable percentage of the overall participation expenses and within the limits set by CEI Rule B8.

In case Applicants find it difficult to ensure the attendance of CEI participants and speakers as outlined in their Application Form they are invited to contact CEI National Coordinators and/or Focal Points and seek their assistance in identifying qualified representatives to be invited.

Please note that the cost estimate of the proposed activity needs to be realistic and reflect actual needs and expenses in a manner which can be verified. Non-motivated, overestimated and rough, lump sum calculations will be negatively considered. Particular attention shall be paid to the consistency of the budget estimate to the overall description and relevant parts of the Application Form. The CEI reserves the right to apportion a CEI contribution to a given Cooperation Activity to a limited number of (including a single) eligible budget lines.

## 6.6. Non-Eligible Expenses

The CEI contribution cannot reimburse organisational or administrative costs (including human resources of the organising institution and all related national and international mission costs in preparation of, during and after the activity, overheads, bank fees, courier or postage expenses...), non-CEI participants, speakers or other attendees, translations from/to languages both different from English, purchase of materials and equipment, registration fees, in-kind contributions. Simultaneous interpretation costs and the rent of the related equipment are not eligible to CEI reimbursement either. Web creation, design and maintenance as well as any human resource cost for design and implementation of promotional activities are not eligible to be reimbursed by the CEI contribution either.

## 6.7. Exchange Rate Fluctuations and National Fiscal Regulations

The budget of the Application Form shall be outlined in Euro. The Applicant is entirely responsible for the calculations leading to the outlined budget estimate including currency conversions and national/local taxes and levies (e.g. VAT). The CEI is not responsible for or reimbursing currency rate variations and cannot be charged with potential shortages or financial consequences of exchange rate fluctuations and underestimation or disregard of national fiscal regulations by the Applicant. Budget calculations in countries which are outside the Euro zone can take as reference value the exchange rate of the National Bank of their country on the day of submitting the Application. The CEI contribution is transferred in Euro. Bank transfers to accounts in a local currency are likely to be automatically converted by the recipient's bank to the currency of the account, using the exchange rate of the date of transaction. In any such cases, the CEI will not be responsible for any possible depreciation of the transferred tranches of the CEI contribution.

## 7. Implementation Period

The activities within this Call shall be implemented from **1 January to 31 December 2020**. In activities being carried out over longer implementation periods a possible CEI contribution can be approved only for a portion being implemented in the year 2020. The exact date and venue of the proposed activity shall be referred to in the Application Form, generic information is not acceptable.

## 8. Location

CEI Cooperation Activities must take place in CEI Member States.

## 9. Amendments to the Call

Up to fifteen (15) days before the deadline for submission of Applications, the CEI reserves the right to amend the present Call for Proposals by issuing addenda and/or amendments. Any addendum or amendment issued will become an integral part of the Call for Proposals upon being published on the CEI website.

## 10. Questions

Any question regarding the Call for Proposals shall be addressed – up to fifteen (15) days before the deadline for submission – exclusively in written form by email to [applications.coopfund@cei.int](mailto:applications.coopfund@cei.int) quoting as subject **CF Call 2019 – Questions**.
