

International Conference "Dis/Entangling Technoscience. Vulnerability, Responsibility and Justice" (Jun 17-19) – NON-PRESENTER REGISTRATIONS OPEN UNTIL JUNE 15, 2021

STS Italia, the Italian Society of Science and Technology Studies, is delighted to announce that registration is open for non-presenters to its 8th International Conference "Dis/Entangling Technoscience. Vulnerability, Responsibility and Justice", to be held online on June 17-19, 2021. The conference is organized in collaboration with the Department of Political and Social Sciences of the University of Trieste, and thanks to the generous support of the CEI Cooperation Fund. The conference website is <http://www.stsitaliaconf2020.com/>

The conference reflects on the complex and ambivalent role of technoscience and innovation in constituting societies – making possibilities flourish, but also creating new vulnerabilities. The academic program collects empirical and theoretical contributions addressing diverse aspects of the social study of science, technology and innovation from different disciplines and fields, such as anthropology, economics, design, history, law, philosophy, political science, psychology, semiotics and sociology. The full program is available on the conference website: <https://www.stsitaliaconf2020.com/schedule>

Scholars, students and professionals in these subjects are welcome to attend 27 parallel sessions, 3 plenary sessions, and 2 roundtables, featuring more than 200 speakers from thirty different countries. Non-presenter registration is now open and those who are interested in joining the audience of the conference can register by June 15, 2021.

Researchers and students from CEI Member States other than Italy can enjoy a waiver of the registration fee. For fiscal reasons, participants should be members of STS Italia in good standing and, therefore, they should pay the membership fee for 2021. The instructions to become member of STS Italia are available at: <http://www.stsitalia.org/associati/?lang=en>. To register for the conference, send to the organizing committee a request to register, specifying your affiliation and the country of your institution, and attach to your message the receipt of the membership fee payment. The request and the documentation can be sent to: stsitaliaconf@gmail.com

For further information, you can refer to the conference website (<http://www.stsitaliaconf2020.com>) or contact the organizing committee at the following email address: stsitaliaconf@gmail.com

We look forward to meeting you at the conference!
