## INSTRUMENTS

How do you turn your museum #accessibleforall?

COME-IN! elaborated guidelines to cross check the different dimensions of accessibility throughout the service chain:

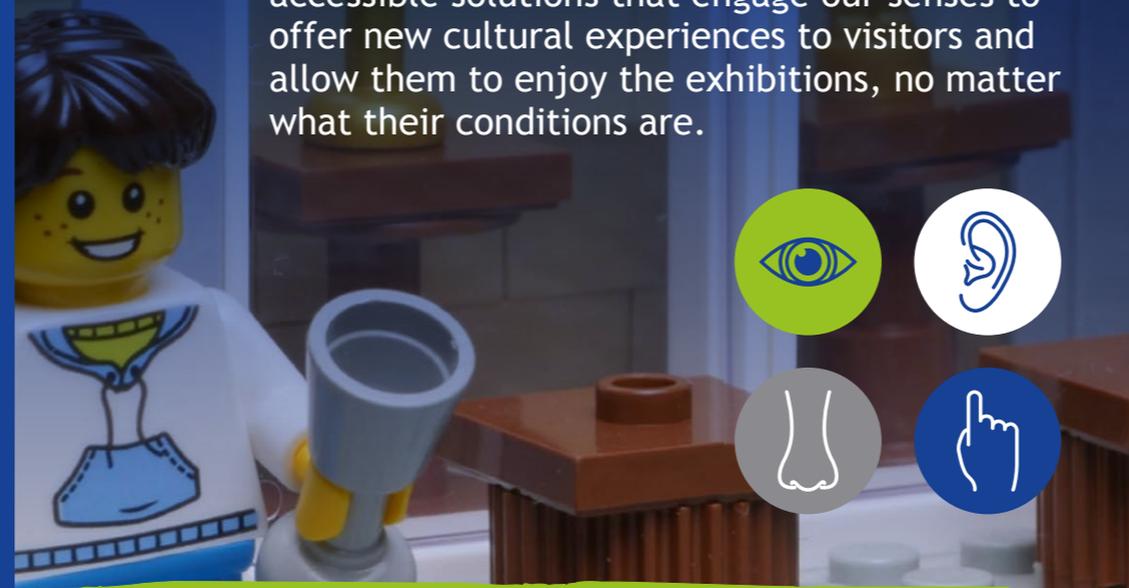

And to guide museums and galleries to provide satisfactory services for all visitors, to train their staff and to design and organise accessible exhibitions. People with disabilities are involved in all phases of the process.

“ Nothing about us without us! ”

## ACCESSIBLE MUSEUMS MULTI SENSORIAL EXHIBITIONS

Our Museums have developed attractive and accessible solutions that engage our senses to offer new cultural experiences to visitors and allow them to enjoy the exhibitions, no matter what their conditions are.

“ Come visit us in Udine, Steyr, Pula, Piran, Weimar and Krakow! ”

## COME-IN! Label

With the COME-IN! Label, museums can promote their results and have access to a reliable network of cultural institutions to exchange experiences and good practices, to learn more on how to prepare their staff on accessibility and inclusion and on how to make their exhibitions enjoyable by everyone.

All museums can apply to our annual call for the Label. Candidates will be evaluated by an international selection committee. More information on the rules and on the next call on our website!
