Resolution of the International Scientific and Practical Symposium 
"Combating illegal migration and human trafficking"

According to the results of the discussion is set: 

1. Most of citizens of Ukraine are suffer from the human trafficking in the Russian Federation, the Republic of Poland and other European Union countries, the Republic of Kazakhstan and Moldova. In certain cases Ukraine is also a destination country for human trafficking (labor exploitation in agriculture and construction). The number of cases of labour exploitation of citizens of Ukraine also increases both: abroad and in Ukraine. Vary also the sex ratio of the trafficked persons, for today it’s 33% men and 77% - women.

2. Countries of the EU and Ukraine currently feel the impact of illegal migration on the economy and have highlighted problems of legal regulation.

3. Ukraine has joined to the implementation of all key international acts, especially to the Council of Europe Convention about the activities of combating of human trafficking, protocol about warning and cancellation of human trafficking, especially human trafficking of women and children and punishment for it that supplies the Un Convention against transnational organized criminality, optional protocol to Convention about rights of children due to child trafficking, child prostitution, child pornography, Conventions of international organization of labor and plan of action of OBSE against human trafficking.

4. Joining Ukraine to the government of international agreements directed against of human trafficking and acceptance the law “About combating of human trafficking” in 2011 and a number of normative legal acts which have become the main steps in combating human trafficking and a creation the system of giving assistance to persons who have suffered from human trafficking. However the practical implementation of legislative provision in this sphere needs to be strengthen.

Amenably to the discussion results by all participants was adopted the Resolution of the International scientific and practical symposium "Combating of illegal migration and illicit human trafficking". According to the resolution was resolved:

- to apply to the authorized bodies in Ukraine and other CEI member states with intent to coordinate following measures:
  - to intensify the coordination activity in the sphere of combating illegal migration and illicit human trafficking
  - to secure regular trainings of experts in the sphere of combating illegal migration and illicit human trafficking and access for help for all victims of human trafficking, especially children
  - to strengthen the discovery of victims of human trafficking in contiguous with Ukraine states
  - to better the coordination with NGOs in the indicated sphere
  - to proceed the research of illegal migration and illicit human trafficking problems on the base of Ivano-Frankivsk University of Law named after King Danylo Halytskyj
