Who We Are

The Central European Initiative (CEI) is a regional intergovernmental forum established in 1989, following the fall of the Berlin wall. It gathers 17 Member States in Central, Eastern and South-Eastern Europe.

One central mission: working towards European integration and sustainable development through regional cooperation.

It supports a united Europe with shared values embracing all countries, regions, peoples and citizens; and fosters the strengthening of capacities of its Member States towards good governance, rule of law and sustainable economic development for stability, social cohesion, environmental sustainability, security and prosperity.

- A platform for **political dialogue** through a 4-pillar system;
- A resource for people, businesses and communities through a strong, result-oriented and multi-partnership approach.

Overall activities are led and endorsed by Prime Ministers' Summit & Foreign Ministers' Meeting.

How We Do It

We create cooperation opportunities for European integration and sustainable development thanks to the transfer of innovative solutions and best practices and by building synergies and partnerships.

CEI Cooperation Fund

Provided by all Member States, it supports projects of small scale and limited duration such as seminars, workshops, training courses or other kinds of meetings focusing on mobility and networking.

CEI Fund at the EBRD

Financed by Italy, it provides grants for the *Technical Cooperation Programme* in support of investments and operations of the European Bank for Reconstruction and Development (EBRD). The Fund also supports the *CEI Know-how Exchange Programme* which fosters capacity building and transfer of good practices from EU to non-EU CEI Member States.

Project management

Through its Project Management Office, the CEI-Executive Secretariat designs and manages projects funded by external sources, ranging from the European Union to the Autonomous Region of Friuli Venezia Giulia, thus turning shared priorities into regional actions for the ultimate benefit of CEI Member States and their citizens.
